From breakfast to dinner, we have great, affordable, high-quality options, and best of all, when you order from us you reinvest your dollars into our vital human services.

All items are made in our Glatt Kosher Meat & Dairy Kitchen through the Commonpoint Culinary Arts Program, which is designed to provide community members who face barriers to employment with the essential skills they need to get entry-level employment in food service. Students learn by working in our social enterprise, Kosher Kitchen, which provides healthy meals for our nursery school, after school, summer programs, and older adults.
